## HELD FOR COURT ON \$500 BAIL

Thomas Carter, Gettysburg R. 1, was held for court on hit-and-run charge Wednesday night by Justice of the Peace John H. Baschore, following a hearing held in the squire's office. He furnished \$500 bail.

Carter was charged by Edward Steinour, Gettysburg R. 1, with running into the latter's car on South Washington and Breckenridge streets at 7:40 p. m. May 8. At the hearing, the defendant denied striking Steinour's car, but admitted he was driving through Gettysburg about the time specified.

Five other witnesses, three of whom were passengers in another automobile and one the driver of another car, as well as a pedestrian who was passing at the time of the accident, identified Carter as the driver who struck the Steinour car.

## Stork Tops 1948 Record To May 1

Births so far this year in the Gettysburg area are running ahead of the number of births during the same period last year, the April report by Registrar of Vital Statistics Ralph Geiselman discloses.

During the first four months of 1948 there were 225 births and 76 deaths. During the same period this year the number of births was 229 and the number of deaths, 75.

There were 55 births during April, with 25 male and 29 female births in Gettysburg and one female birth in Straban township. There were 23 deaths in April, nine male and 12 female in Gettysburg, one female in Cumberland township and one male in Straban. There were neither deaths nor births recorded in Highland township, according to the provisional figures for the month. In April, 1948, there were 54 births and 20 deaths.

## Scharf Re-elected Penn-Harris V.P.

Franklin Moore was re-elected president of the Penn-Harris Hotel company, Harrisburg, Tuesday at the directors' reorganization meeting.

Other officers re-elected were: Henry M. Scharf, Gettysburg, vice-president; Henry B. Gilbert, secretary, and George W. Reily, treasurer. Directors are Spencer C. Nauman, Edward J. Stackpole, E. Z. Waller and Henderson Gilbert.

## "Non-Superstitious" Couple Plans Party

Mr. and Mrs. Charles E. Milne, 38 West Water street, will tear superstition to shreds Friday evening.

The couple will have a party of 13 in celebration of their 13th wedding anniversary, which falls on Friday, the 13th. When Mr. Milne and the former Genevieve Harry of Forty-Fort, married 13 years ago at Towson, Md. The date was also, Friday the 13th.

## MRS. D. M. SWOPE NEW PRESIDENT OF AAUW GROUP

Mrs. Donald M. Swope, West Broadway, was elected president of the Gettysburg branch of the American Association of University Women to succeed Miss Dorothy G. Lee at the final dinner meeting of the season Wednesday evening at the Gettysburg Country club.

The other officers for the coming year, elected at an earlier meeting, are: Vice president, Miss Reidy Longenecker; treasurer, Miss Virginia Troxell, and secretary, Mrs. Ralph Z. Oyer.

Mrs. J. Walter Coleman was chairman of the committee that arranged for the dinner with Mrs. Phillip M. Jones and Mrs. Richard A. Brown, assisting her.

### Heard About School Survey

At the business meeting that followed the dinner, Miss Lee expressed her appreciation to the officers and members of the local branch for their help during her administration and introduced Mrs. Swope, who, in the absence of Mrs. John S. Rice, reported on the Eastern AAUW convention she recently attended. She told of a decision made there to replace one of the semi-annual state conventions with neighborhood conferences and said the first such conference for this area will be held in Harrisburg in October.

A feature of Wednesday's program was a panel discussion on local educational institutions in charge of the education committee of the AAUW group headed by Mrs. Brown. The panel included Prof. William Stuart of the sociology department at Gettysburg college and four of his students, Miss Natalie Wible, Franklin Stow, James Neely and John Leaman. They gave information gathered on a semester survey of public and parochial schools here. The survey also included the seminary and college but they were not covered in Wednesday's discussion. The information was gathered, the students said, through interviews with school officials, teachers, pupils and local organizations.

The group simply reported facts gathered without offering any analysis of the local school situation.

### Discuss Local Problems

The AAUW members were given copies of the questionnaires used in the survey covering the board of education, its methods of selection requirements and duties; financial support, its methods and adequacy;

the faculty, its preparation, salaries and years of service; and the students with regard to special education facilities for superior and subnormal pupils, testing programs, percentage of dropouts, percentage taking higher education and the percentage succeeding in higher educational institutions.

In the discussion, chief attention was given to the local situation with regard to special observation of the school program and the matter of financial support for the schools.

Professor Stuart said copies of the survey findings will be made available to interested persons.

### 5 Are Fined For Code Violations

Paul Gaynor, Tarentum, Pa., paid a fine of \$10 and costs to Justice of the Peace Claude Straley, New Oxford, on a charge of driving too fast for road conditions.

The charge was filed by state police of the Gettysburg substation. Others fined were:

F. E. Yohe, New Bloomfield, Pa., paid \$10 and costs to Justice of the Peace Roy L. Martin, Biglerville star route, on a charge of parking on the highway.

William R. Feagley, Harrisburg, was fined \$10 and costs by Justice of the Peace Elton Myers, Idaville, for making an improper pass.

Ralph E. Koontz, Aspers, was fined \$10 and costs by Squire Martin from driving too fast for conditions.

The charge was filed by state police of the Gettysburg substation. Others fined were:

O. G. Hess, Lancaster R. 7, paid \$10 and costs to Justice of the Peace George Baker, Abbottstown, for making an improper pass.

## FIREMEN HAVE BUSY SCHEDULE FOR 3 MONTHS

May, June and July will be busy months for the Gettysburg fire department. In addition to the fire department's community observance of the 86th anniversary of the Battle of Gettysburg and Independence Day, June 30, and July 1, 2, 3 and 4, other "dates" include:

A visit to the science hall at Gettysburg college tonight for a lecture and demonstration by Dr. C. Allen Sloat, assistant professor of chemistry, on "The Chemistry of Fire." The lecture is scheduled for 8 o'clock. Firemen will meet at the engine house at 7:30 p. m.

Friday afternoon, May 27, the firemen will be hosts to members of the Eastern Fire Chiefs association, who will be holding their annual convention in York. Several hundred members of the association will come to Gettysburg for a tour of the town and battlefield. The fire company will provide guides, and a luncheon will be served for the visitors at the American Legion home.

### In Two Parades

On June 9 the firemen will participate in a parade at New Windsor and on June 16 will take part in the firemen's parade at Taneytown. On June 30, the anniversary program will open here, to continue through July 4.

On July 16 the quarterly meeting of the Adams County Volunteer Firemen's association will be held in Gettysburg, and on July 21 the Firemen's Association of Southeastern Pennsylvania will meet here.

These dates were announced at Wednesday night's regular meeting of the fire company in the engine house. Vice President William G. Weaver presided, with an attendance of approximately 50 members.

### Summer Drills

In addition, Chief James A. Autzen announced that fire drills will be held every Wednesday night throughout the summer. The next meeting of the company and subsequent summer meetings will be held at the firemen's retreat in the mountains. The next meeting will be held June 8.

Rufus W. Reaver was elected as a new member of the fire company at Wednesday night's meeting. The firemen acknowledged receipt of a \$25 donation from Unger Snyder.

## COMMISSIONERS TO FILL VACANCY

The Adams county commissioners Wednesday accepted the resignation of Mrs. Naomi C. Schwartz as a member of the board of the county Free Library Association. No appointment to fill the vacancy was immediately made.

Mrs. Schwartz was one of three directors for the free library named by the commissioners. Her term would have expired in December. The other two directors on the library board named by the county governing body are Harry E. Brown, Fairfield, and Clyde McCauslin, Aspers.

A change in the plans of the Freedom township road supervisors in regards to the maintenance of roads in the district was noted Wednesday in a new request for county aid filed with the county commissioners. The supervisors, Walter J. Rhodes, John J. Herr and William M. Scott, asked \$387.71 in county aid to be used for spreading crushed stone on all roads that may need the stone in the township. Previously the supervisors pointed out, they asked the aid towards the placing of "black-top" on one mile of road.

Consultation with the Department of Highways disclosed however that the placing of such "black-top" will be too expensive now and the alternative project was adopted.

In the discussion, chief attention was given to the local situation with regard to special observation of the school program and the matter of financial support for the schools.

Professor Stuart said copies of the survey findings will be made available to interested persons.

## \$1,000 In Prize Money Will Be Awarded Winners In July Fourth Parade In Gettysburg

One thousand dollars in prize money will be awarded in the Fourth of July parade to be held in Gettysburg as the concluding of the five-day observance of the 86th anniversary of the Battle of Gettysburg and Independence Day.

The community celebration is being sponsored and arranged by the Gettysburg Fire Department. The prize list was announced at a meeting of the July 4 parade committee, of which Richard Cole is chairman, at the engine house Wednesday night.

For the best appearing fire company marching unit, with band, first prize, \$100; second prize, \$50.

For the fire company with the most marching men in the parade, with band, first prize, \$100.

For the fire company coming the longest distance, first prize, \$50.

For the best appearing apparatus, first prize, \$50; second prize, \$25.

For the best ladies auxiliary, first prize, \$50, second prize, \$25.

For the best band, first prize, \$100; second prize, \$50.

For the best drum and bugle corps, first prize, \$100; second prize, \$50.

For the best floats in the parade, first prize, \$100; second prize, \$75; third prize, \$50, and fourth prize, \$25.

### Many Military Units

The parade will start at 1:30 o'clock on Monday afternoon, July 4. The route of the parade has not been definitely determined. It will be made up of both military and civilian units, including the 51st army band, a company of cavalry from Ft. Meade, a platoon of military police from Carlisle Barracks; a number of units from the Letterkenny Ordnance depot and three platoons of Troop A, 104th mechanized reconnaissance squadron of Gettysburg.

### Many Are Invited

Other army units are also expected, and the parade will include many fire companies from Pennsylvania and Maryland, with bands and drum corps; fraternal and civic organizations, Boy Scouts, Girl Scouts, and floats.

Invitations are being sent to every fire company within a radius of 50 miles. Stores, factories, and organizations are being invited to enter marching units or floats.

Col. Alfred E. McKenney, professor of military science and tactics at Gettysburg college, will act as grand marshal. His aides and the

parade judges have not been announced.

Fire company plans indicate that the five-day celebration will be one of the biggest events in Gettysburg in some time, and the first community observance of the battle anniversary and July 4 in many years.

### Test Fire Run

Other events planned by the fire company start on June 30 with a test run for fire apparatus, ending at Center Square, with prizes to be awarded to the apparatus making the best time, and a demonstration

## MARTIN SEES SOME HOPE OF SAVING NATION

Washington, May 12 (AP)—Senator Martin (R.-Pa.) says events of the last two weeks have encouraged him to believe that Washington is slowly becoming economy-minded.

He was beginning to despair, he said, that the day of reduced government spending would ever come. He is not splashing over with optimism even now. But at least he says he's hopeful.

However, the Senate late yesterday turned back economy advocates by refusing to order a five per cent cut in the \$3,113,068,503 bill to finance the Treasury and Post Office Departments.

Afterwards, economy advocates said they would continue their drive.

Not long ago the Senate sent an appropriations bill back to committee with instructions that it be cut. Senator Byrd (D.-Va.) has renewed with vigor his longtime fight for economy. Others—Democrats and Republicans—have joined him.

### Gratifying Signs

These are gratifying signs, says Martin, who is convinced that if the federal government doesn't reduce expenditures it will go broke—and the world will go broke with it.

What's more, Martin doesn't envisage this bust as possibility of the distant future. As he told the Senate recently:

"These are not fanciful predictions of national disaster which may overtake us in the future. They are real. They hang over our heads at this very moment."

What's wrong with the country, Martin says, is its state of mind. Its thinking is twisted. It complains of high taxes. It says government spending should be reduced, but it asks at the same time for more and more federal hand-outs.

He put it up to a group of Pennsylvania business men not long ago. It was at a Washington dinner sponsored by the Pennsylvania state Chamber of Commerce.

### Many Seek U. S. Aid

He spoke of the need for economy in government. The business men applauded. Martin then reminded his listeners that in the short time he had been at the dinner he had received nine personal requests for support of various appropriations.

"Not one of you asked me to vote for a cut of appropriations," he said. He wasn't scolding them, he said. It was just a case of big government having been accepted in recent years as something that had to be continued.

Martin has said repeatedly there are only two items in the federal budget he considers "sacred." One is the interest on the public debt. The other is money spent for the care of disabled veterans.

As for anything else, take your choice and begin cutting.

## Local Soroptimists At Hanover Dinner

Mrs. Frederic E. Grist, president of the local Soroptimist club; Mrs. Wilmer E. Bream, Mrs. George F. Eberhart and Mrs. Guyon E. Buehler attended the formal dinner given at the Hotel Richard McAlister by the Hanover club Wednesday evening in celebration of their ninth anniversary.

Mrs. Vera Grannis Kenzia, who organized the Gettysburg club, was the speaker and reminded her audience that as long ago as 1936 she was urging women's clubs to purge school boards and college faculties of those members who leaned to Communism. Mrs. Buehler spoke for the North Atlantic region and Mrs. Grist for the Gettysburg club. Members were also present from York, Carlisle, Harrisburg, Lancaster and Westminster, Md., clubs.

## PUSH FIGHT TO CURB SPENDING

Washington, May 12 (AP)—Republican leaders said today they will carry on their fight to trim federal spending despite the licking they took on the first major money bill passed by the Senate.

A measure appropriating \$3,113,068,503 (B) to finance the Treasury and Post Office departments in the fiscal year starting July 1 was passed by the Senate late yesterday.

Final approval was given by voice vote after various Republican-backed maneuvers to force a 5 per cent cut in the total were defeated.

As passed by the Senate, the bill carries \$40,250,600 more than the House voted. If the House refuses to accept the increase, efforts will be made by conferees from the two branches to work out a compromise.

He submitted to Congress a report on the U.N. which placed blame for the failure on Russia. At the same time he cited the development of the North Atlantic treaty, now awaiting Senate ratification, as a means of bolstering the world organization.

### STATE ISSUES ORDERS

Harrisburg, May 12 (AP)—The State Sanitary Water Board has ordered enlargement of sewage treatment works at Coatesville, Lansdale and Ambler, Montgomery county. Each of the three municipalities was notified yesterday that the present plants are inadequate. Plans for changes must be submitted to the board by Jan. 31, 1950.

He promised that "every senator

is going to be on record a great

many times on how he stands on

the issue of economy before this session is over." He called the post office-treasury bill "the most difficult to cut" of all appropriations and predicted better luck on others to come.

### LOW BIDDERS

Harrisburg, May 12 (AP)—The North Penn Roofing and Heating Co., Philadelphia, submitted a low bid of \$7,600 to the department of property and supplies yesterday for two projects at the Pennsylvania Institution for Defective Delinquents, Huntingdon. The work is on a new roof on the central building and on the boiler house.

The bill provides for construction of 1,050,000 low-rent housing units in seven years, as President Truman requested. The Senate recently passed a housing bill cutting the number of these units to \$10,000 in six years.

## Today's Talk

By GEORGE MATTHEW ADAMS

### ON EATING

There is no more important function than that of feeding this body of ours. We are very particular about the fuel we use for our car, or to heat our homes, but we abuse ourselves when it comes to selecting our food, how we eat it, where, and with whom. Epicurus said that a man should consider less what he ate than with whom he ate.

Eating with a delightful companion is half the meal! Food then digests better, tastes better, and is better. I never like eating alone and I like to eat in a beautiful place. It may be a simple and inexpensive place, but still very beautiful. I like a well conducted country Inn. It is so pleasant and there is good companionship there.

Nothing is so important to one's health and well being as eating regularly and happily—with no worries upon the mind and all troubles dismissed. It is a bad omen for one when he feels that he is too busy to spare the proper time and place for eating. This body of ours is a magnificent machine and should not be mistreated. The owner of a great race horse doesn't mistreat that animal. The best is none too good, and regularity of eating is of prime importance. Why doesn't man respect himself better?

Waiters in a public eating place can be a very great asset. It's the interest that others take in us at times that means far more than any monetary gain to them. There is one place where I take most of my lunches for no other reason than that everyone there is so pleasant. They make me feel welcomed, though the food, in addition, is very good.

Nearly everyone eats too much. Outwardly hard manual workers, the simpler the food the better it is for one, though a careful selection of food should be made so that a balanced diet is the rule. One's eating habits are a very good index to the sort of person to whom they belong.

George Bernard Shaw is a good example of one who has lived simply and eaten sensibly. Can you think of one who thinks more clearly, or who has gained more fun out of life at the age of 92?

Tomorrow Mr. Adams will talk on the subject: "Just to Have Lived."

Eagles Initiate 342 Members Sunday: With the initiation of a class of 342 members at the Hotel Gettysburg annex, Sunday afternoon, Gettysburg aerie, 1928, Fraternal Order of Eagles, now boasts a larger membership in proportion to the population of the town than any other aerie in Pennsylvania.

The membership of the local aerie now numbers 943.

More than 600 Eagles, including the state president, A. W. Fidler, of Pittsburgh, attended the initiation ceremonies.

After the initiation ceremony, a buffet luncheon was served at the Eagle's home.

**300 Mothers Guests Here:** Approximately 300 mothers attended the annual Mothers' Day observance at Gettysburg college Saturday and Sunday. The occasion was sponsored by the Gettysburg chapter of Kappa Phi Kappa.

A competitive drill between the two companies of the ROTC, a reception at the home of President Hanson, and the freshman-sophomore baseball game marked the activities for the afternoon.

Six hundred persons are estimated to have been served at the banquet served in the Eddie Plank gym Saturday evening. Doctor Hanson, Prof. Thomas were the principal speakers. A response was made by a mother.

Following the banquet the Owl and Nightingale Dramatic club presented Sir James Barrie's "Alice Sit-By-the-Fire."

At Sunday morning's services held in Brua Chapel, Doctor Hanson delivered the sermon.

The annual concert of the combined musical clubs given in Brua Chapel Sunday afternoon was the final event on the program.

"Mike" Miller Weds: Miss Helen Irene Mayhugh, Waynesboro, and Murray L. Miller, son of Mr. and Mrs. Maurice A. Miller, East Middle street, were married Saturday morning at 10 o'clock by the Rev. Earl J. Bowman at the St. James Lutheran parsonage.

The bride is a daughter of Mrs. Emma Myrtle Maybaugh.

After a wedding trip Mr. and Mrs. Miller will reside at the home of the bridegroom's parents.

**Roth-Roger:** Miss Edith Grace Roger, Cumberland township, and Clyde William Roth, Gettysburg, were married Saturday afternoon at 2:30 o'clock by the Rev. Mr. Bowman at the parsonage.

**New Barber Here:** Samuel Mattingly, Hanover, on Monday began his duties as barber at the Varsity barbershop. He formerly worked at the shop when it was operated by the late H. B. Sefton.

**Newcastle Gets Lions Convention:** Newcastle defeated Gettysburg for the honor of entertaining the 1930 state convention of Lions' International at the 1929 convention held at Altoona Monday and Tuesday.

About 300 Lions were registered at the convention. Those from Gettysburg were C. Paul Cessna, the Rev. N. L. Horn, Henry M. Scharf, George L. Taylor, E. H. Dougherty, Dr. R. D. Wickerham, C. Ross Shuman, R. W. Wentz and Ralph Z. Oyler.

**Remodeling of Store Started:** The Harris Construction company, of California, Pa., awarded the contract for the remodeling of the old Star and Sentinel building, one of the four structures in the former McPherson block, now owned by the G. C. Murphy company, McKeesport, on Thursday began work on the improvements which are to cost approximately \$35,000. The contract calls for the work to be completed by July 30.

**Elks Observe Mothers' Day:** Mothers' Day was observed by the local lodge of Elks Sunday afternoon in the lodge rooms. Special exercises were arranged by a committee who had charge of the affair.

## COMMUNIST SPY PROBERS QUIZ MYSTERY MAN

By MARVIN L. ARROWSMITH

Washington, May 12 (P)—Senate investigators of Communist spy activities arranged a hush-hush meeting behind closed doors today to question a mystery witness in the case of "Mr. X."

Senator McCarran (D-Nev.), chairman of the judiciary subcommittee conducting the inquiry, refused to give the slightest clue to the man's identity.

Subcommittee aides said the witness summoned to the secret session is "in danger of his life" and cannot be named "because of his connections abroad."

Called "Very Important"

McCarran said only: "If he wasn't important, he would not be brought before us; if he was not very important, he would not be brought before us in closed session."

The witness was called in connection with hearings on a bill by McCarran which calls for the deportation of any alien found to be engaged in subversive activities against the United States. It also is designed to strengthen the immigration barriers.

The bill, McCarran has said, is aimed particularly at foreign agents who come into the country under the guise of representatives to the United Nations and other international groups.

At a public session late yesterday the subcommittee was told that Dr. J. Vilfan, Yugoslavia's chief delegate to the U.N., is "the main, the top man for espionage in this country concerning the Yugoslavs."

**Radiots Testifies**

The sworn testimony came from Bogdan Raditsa, a former information officer at the Yugoslav embassy in Washington. Raditsa said he broke with the government of Marshal Tito in 1946 and later re-entered this country as a displaced person.

Earlier Raditsa had testified that Vilfan in Europe sent "hundreds of thousands of innocent Yugoslavs" to their deaths. The witness also said Vilfan was "developing a secret police network" from a luxurious Fifth avenue apartment in New York.

Raditsa called Vilfan "a member of the central committee for the Slovenian Communist party." In New York, Vilfan described Raditsa as an unimportant man whose charges are absurd.

Another witness, William H. Smyth, told the subcommittee that the Yugoslav-American home on West 41st street in New York "appears to be without any doubt the center of Yugoslav Communist activities on the eastern coast."

### Finds Handshaking Costly Practice

Philadelphia, May 12 (P)—Shaking hands with assistant Fire Marshall J. Byron Gettis, Jr., was a costly practice, a sales engineer testified.

The engineer, Francis H. Forsythe, testified at Gettis' extortion trial yesterday that three "handshakes" with the bureau of fire official cost him \$375.

Judge Byron A. Milner instructed the witness to bring his records of these handshakes into court today for the fourth day of the trial.

Forsythe testified the "hand shaking" method was used in paying \$75 to Gettis for oil tank installation contract permit and twice in paying \$150 for two other contract permits.

He said he listed these payments in his own bookkeeping records as "commissions for Gettis." It is these records that Judge Milner wants Forsythe to bring into court.

#### REWARDS FOR THE MANY

Fortune has money to offer and fame has rewards of a kind.

But few win the favors of fortune, and fame to the many is blind.

Yet life can be good without either, and laughter and love can be won.

And the many can sit down contented as soon as the day's work is done.

Twere a sad world, indeed, if the many the splendors of life were denied;

The friendships that gladden the journey, the home with the garden outside.

The thrill and the rapture and promise the children are sent here to bring:

The streams and the lakes for the dreamers; the song of the birds in the spring.

Leave fortune and fame to the gifted. There's much for the humbler careers.

There are triumphs exalting the spirit when faith at its bravest appears.

There are numberless pleasures to choose from the many unhindered may claim.

An life can be lived to the fullest, without either fortune or fame.

## Littlestown

Littlestown — Eighty-five were present on Tuesday evening for the annual Mother-Daughter banquet sponsored by the King's Daughters class of Christ Reformed church in the church grove auditorium. A roast beef dinner was served by the Young Men's Bible class. The tables were decorated with spring flowers and each guest received a yellow or an aqua blue Mother and Daughter favor. Mrs. Erwin A. Rebert was toastmistress. Following a prayer hymn, prayer was offered by Mrs. Harry E. Bair. The following program was presented: recitation, "Welcome," Jo Ann Yohe; vocal duet, "Mother," Shirley Warner and Ruth Sternier, accompanied on the piano by Mrs. Earl Baker; accordion selections, "Silver Threads Among the Gold" and "Sons My Mother Taught me," by Lucille Shoemaker; poem, "My Mom," Shirley Markle; vocal solo, "That's an Irish Lullaby," Faye Ann Mumment," accompanied by Mrs. Baker; poem, "I Love You Mother," Janet Sell; selection by chorus of men from the Sunday school, "Tell Mother I'll Be There," with solo parts by Paul Berwager, Amos Carbaugh and Mervin L. Myers, accompanied on the piano by Mrs. Mervin L. Myers; address by Mrs. Carl Baumgardner, Littlestown; and vocal duet, "That Wonderful Mother of Mine," Mrs. Paul Mumment and Mrs. Wilmer.

Awards were made by Mrs. Rebert to the following: oldest mother present, Mrs. Isaiah J. Forry; youngest mother, Mrs. David Smith; youngest daughter, Betty Lou Sell and mother with most daughters present, Mrs. Raymond Bittle. The program closed with the group singing of "Blest be the Tie." Committees in charge of arrangements included: program, Mrs. Erwin A. Rebert, Mrs. Paul Berwager and Mrs. John C. Brumback; dinner: Mrs. Harry C. Wildasin, Mrs. Harrison Snyder, Mrs. Delphia Sternier and Mrs. George Wise; favors: Mrs. LeRoy Garret, Mrs. Gerald Sternier and Mrs. David Markle; and tables: Mrs. Stanley R. Sell, Mrs. Raymond Wildasin and Mrs. John Weikert.

The thirteenth annual Mother-Daughter banquet of Grace Lutheran church, Two Taverns, was held in St. Paul's parish house, Harvey, Tuesday evening. Toastmistress for the occasion was Mrs. Percy Grove, Jr. Following a prayer hymn, the address of welcome was given by the toastmistress. Group singing was in charge of Miss Evelyn Reaver. A toast to our daughters was given by Mrs. Vernon Straley with the response by Miss Helen Myers. A reading was given by Shirley Brown. Mrs. D. F. Putman, Harrisburg was the guest speaker. Carolyn and Joyce Brown sang a vocal duet, "Mother Macbeth." A one-act play entitled, "Mother's Day Off" was presented by the following cast: Mrs. Kenneth Stair, Sue Ellen Stair, Alma Reaver, Jane Bower, Mary Esther Keefer and Mrs. Corrine Miller. Recognitions were given to the following: Oldest mother, Mrs. Charles Bucher; youngest mother, Mrs. Donald Sadler; mother with most daughters present, Mrs. Earl Sponseller, and youngest daughter, Donna Marie Sadler. The program closed with group singing. Committee in charge of arrangements consisted of: Mrs. Evelyn Reaver, Mrs. Mervin Weikert and Mrs. Percy Grove, Jr.

About 35 were present on Tuesday evening in the Littlestown Fire hall for the May meeting of Littlestown Cub Pack No. 84. During the past month, each den visited a nearby farm and at the meeting each cub reported on what he had seen at the farm or on the hike to the farm. Approximately 100 slides from the Adams county farm extension office were shown to the group. They dealt with spraying trees, blasting ditches, irrigation and fruit displays. The pack is getting ready for the Walling-Ga-Zhu which will be held by the York-Adams area council of scouts at the York Fair Grounds, Thursday, June 2, at 7:30 p. m. The pack is

Rioting Arabs Tear  
Down Stars, Stripes

Tripoli, Libya, May 11 (P)—Rioting Arabs tore the United States flag from the American consulate here yesterday, and threw stones and iron balls at the windows.

They were demonstrating against a British-Italian plan to restore Tripolitania to Italian trusteeship in 1951, which Arab leaders contend would throw "the Tripolitanian people to Italian floggers."

The mob—some times chanting "Russia! Russia!"—stoned the French consulate, one stone striking the consulate. Demonstrators gathered also at the British consulate, shouting "Down with Bevin."

U. S. Consul Orray Taft, Jr., agreed not to fly the U. S. flag outside the consulate until the tension has eased.

The city was placed under curfew, the mobile British police units patrolled the streets.

"A second factor today which is in equally sharp contrast to the past is the gradual process of the post-war adjustments to normal competitive conditions."

"Business recessions in the past were largely unforeseen. They owed their severity to a simultaneous readjustment of many phases of the economy. But the situation is different now."

## SAYS RUSSIA PLANNING WAR

Washington, May 12 (P)—A former Communist party member says Moscow has been planning for a war with the United States for 20 years.

And Paul Crouch, now a mechanical department employee of the Miami Daily News, says further that 25,000 Reds in the United States would help Russia with sabotage if war came.

Crouch spent 17 years in the party. His statement that the Kremlin has been planning for war for two decades appears in a series of newspaper articles on his inside activities in the party.

The articles have been added to the evidence the House un-American activities committee has been getting from Crouch.

While the House group collected information about Communist activities in general, a Senate judiciary subcommittee delved into alleged subversive activities among Slav ele-

ments in this country.

It called William H. Smyth, described by investigators as an American business man who spent many years in Yugoslavia, and Bogdan Raditsa, former Yugoslav information officer in this country who broke with Marshal Tito, to tell what they know about such activities.

## Woman Escapes Death By Inches

Titusville, Pa., May 12 (P)—Because Mrs. Arvie Boyles sits on a couch in a bay window of her home, she missed certain death by inches today.

A large refrigerated truck left the highway and crashed into the Boyles' combination grocery-residence. The building was demolished except for the bay window where Mrs. Boyles was sitting. She escaped with only a small cut over one ear.

Two men in the truck, E. R. Kauffman, about 20, and Donald Lukehart, 19, both of Erie, also escaped with minor hurts. Lukehart said he must have dozed at the wheel. The truck was carrying dairy products from Erie to Oil City.

## NO GRADUATING CLASS AT HIGH SCHOOL IN '49

### Mount May Return To McCurdy Field

Mount Saint Mary's college may return to McCurdy field at Frederick for its home games next year if present plans to renovate the stadium are carried out.

John Law, coach and athletic director at the Mount, told officials there that the lack of facilities at Frederick caused the Mount to book home games in nearby Pennsylvania cities this year but that it will prefer McCurdy field if it comes up to requirements.

Various organizations, the Veterans of Foreign Wars, Elks and the like at Frederick are attempting to raise \$20,000 to modernize McCurdy field. Mount Saint Mary's used the field for several years as its home field.

### SCHOOL BOARD IS ORGANIZED

George C. Rhoderick, Jr., of Middletown, was re-elected as president of the Frederick County Board of Education at the annual organization meeting Tuesday morning in the office of the superintendent.

Charles S. Lane, III, was returned to the office of vice president and Eugene W. Pruitt, county superintendent of schools, by reason of his office will fill the post of secretary.

The office staff was reappointed as follows: Miss Ruth R. Trout, clerk;

Mrs. Pauline J. Bowles, stenographer-secretary; Mrs. Barbara S. Ford, assistant clerk; and Mrs. Betty S. Crum, clerk to the supervisory staff.

The following teacher appointments were made for the 1949-50 school year: Graduates of Towson State Teachers' college, Miss Ann Cloworthy, to Emmitsburg elementary; Miss Catherine H. Roderick, Walkersville; Miss Margaret Stauffer, Walkersville, and Miss Mary M. Rosenkrantz, Route 2, Frederick, all unassigned.

Hood College graduates: Miss Lois Keller, Jefferson, and Miss Pauline Toms, Middletown, to Elm Street; Miss Louise Hendrickson, Frederick, and Miss Nancy O'Neill, Pennsylvania, to Frederick high school.

Donald Koons, Frederick, to Frederick high school; Miss Jeanne C. Higgins, to Emmitsburg high school for music instruction; R. Kenneth Twenty, to Brunswick high school.

Mrs. Bollinger To Sing At Frederick

Mrs. Roy Bollinger, of Emmitsburg, will be one of the members of the chorus for the music festival to be held Friday evening in Frederick high school auditorium by the music committee of the Frederick County Homemakers' clubs. The program is being held as part of National Home Demonstration week.

Homemakers from throughout Frederick county, including a number from Emmitsburg, are expected to gather for the program which is open to the public. The chorus numbers will include "When Irish Eyes are Smiling," "Too-Ra-Loo-Ra-Loo-Ra," "Piping Tim of Galway," "Country Garden," "Somewhere a Child Is Singing," "Morning" and "Fireflies."

The chorus members are music leaders of each Homemakers' club in the county. Mrs. Earl Mitchell, Myersville, will direct the group.

ed the semi-annual Maryland State Chiropractic association meeting held at Cumberland recently.

Private Joseph A. Knott, son of Mr. and Mrs. Austin J. Knott, near St. Arthony's, is stationed in Okinawa with the Army of Occupation and is assigned to the Sixty-Fifth Harbor Craft Co. Private Knott is married to Doris Miller, daughter of Mr. and Mrs. Herbert Miller. Knott was a former student of Emmitsburg high school and enlisted in the Army last September for three years.

A large number of students from St. Joseph's high school recently attended a meeting of the Blue Ridge Conference of the Catholic Students Mission Crusade held at St. John's hall, Frederick. Vice President Guy A. Baker, Jr., directed the meeting in the absence of the president. The vice president read a letter from the secretary of the Veterans' Unit. It invited all juniors and seniors of each school to attend a picnic to be held on Sunday, June 5, at Gambrill state park. Each unit presented a speaker to discuss a book "You Can Change the World." Richard Topper was the speaker selected from St. Joe's. It is probable that the place for the next monthly meeting will be at Mount St. Mary's college. Following the meeting benediction was given in St. John's church and refreshments were served by members of St. John's student body.

Visitors over the weekend at the home of Mr. and Mrs. Jackson Hummerick were Mrs. Gregory Washabaugh, Annandale, Va.; Miss Evelyn Humerick, Washington, D. C.; Taylor Humerick, Dover, N. J., and Mr. and Mrs. Robert Mahoney, of Beltsville, Md.

Mr. and Mrs. Herbert Roger spent some time with friends in Philadelphia.

Mr. and Mrs. Bernard H. Boyle were guests Wednesday evening of the P. A. & S. Small company, York.

Those from Emmitsburg who attended a meeting last Thursday at St. John's hall, Westminster, were Rev. Francis Stauble, Miss Anne Codori, Mrs. Marie Rosensteel, Mrs. J. Clarence Sanders, Mrs. Henry Gerken, Mrs. J. Lewis Topper and Guy A. Baker. This meeting was in conjunction with the Catholic Charities Fund Appeal.

The office staff was reappointed as follows: Miss Ruth R. Trout, clerk; Mrs. Pauline J. Bowles, stenographer-secretary; Mrs. Barbara S. Ford, assistant clerk; and Mrs. Betty S. Crum, clerk to the supervisory staff.

The following teacher appointments were made for the 1949-50 school year: Graduates of Towson State Teachers' college, Miss Ann Cloworthy, to Emmitsburg elementary; Miss Catherine H. ### Frederick Firm Is Low Bidder On Road

Bids were opened by the State Roads commission in Baltimore on Tuesday for the resurfacing and widening of a section of State Route 32 from Emmitsburg to the Pennsylvania line. The highway improvement project is 1,144 miles.

The M. J. Grove Lime company, of Frederick, was the low bidder on the project with \$63,360.50. The next lowest was the L. R. Waesche and Sons, Inc., of Thurmont, with a figure of \$70,011.25.

Other firms submitting bids were the Bester-Long company, of Hagerstown, \$79,278; S. T. Brotemarkle, of Cumberland, \$88,118.50; H. T. Campbell Sons, Inc., Towson, \$81,175; E. D. Plummer and Sons, of Chambersburg, \$79,557.25.

### Tanker Is Ablaze In Caribbean Sea

New York, May 12 (P)—The S. S. Atlanta, a 9,683-ton tanker, radioed SOS signals early today and reported she was afire in the Caribbean, the Coast Guard here reported.

The distress messages said all crew members had taken to life-boats except the captain and radio operator.

Position of the ship, owned by Otto Kihlstrom of Goeteborg, Sweden, was given as 330 miles northeast of the Barbados Islands.

The Coast Guard said the ship was en route to Trinidad from Goeteborg.

The Coast Guard cutter, the Pandora, was reported en route from

San Juan, Puerto Rico, to aid the stricken vessel.

An Italian ship, the S. S. Foscolo, also was said to be proceeding to the scene, the Coast Guard said.

Whether there were any casualties was not known.

The Coast Guard said static blanked out some of the distress messages from the ship.

## U.S. DIPLOMATIC RELATIONS WITH SPAIN UP AGAIN

By DEWITT MACKENZIE  
(AP Foreign Affairs Analyst)

Just over two years ago the United Nations denounced the Spanish government of Generalissimo Franco and called on members of the peace organization to withdraw their diplomatic heads from Madrid.

Some nations, including the United States, Britain and France, recalled their ambassadors. Others stood pat.

The other day the political committee of the U.N. General Assembly adopted a resolution to change the status of the black-list. Members would be given full freedom as regards their diplomatic relations with Madrid. This is despite the fact that there has been no change in the form of Franco's regime.

### Explains Opposition

That brings us up to May 3 when the U.S. State Department gave Spain permission to negotiate directly with the export-import bank for

an American loan. The next day Secretary of State Acheson said this country had no political objections to an American government loan to Spain, but that the U.S.A. doesn't see how Spain can qualify for such credits until it makes fundamental economic reforms.

Two days ago Senator Tom Connally, chairman of the Senate foreign relations committee, told the Senate he saw no reason why the United States shouldn't send an ambassador to Spain. He agreed with Senator Brewster of Maine that "pressure of other nations" (Britain and France) has kept the State Department from recognizing the Franco regime. Senator Connally said there is no inconsistency in the opposition of Britain and France to full recognition, adding:

"They are being consistent with their own objective of building up their trade in Europe."

### Not An Approval

Yesterday Senator Vandenberg, former chairman of the committee, joined Senator Connally in urging that Washington clear the way to exchange ambassadors with Spain. He said the designation of an American ambassador would in no sense be approval of the government

## HARD FIGHTING RAGES IN DRIVE FOR SHANGHAI

Shanghai, May 12 (AP) — Red forces pushed to within 21 miles of Shanghai today.

Two separate Communist attacks were underway. The nearest was at Taichang, 21 miles to the northwest. Bitter fighting there was reported by the Shanghai garrison communique.

A force southwest of this great Asian city had reached Shihutang, a hamlet 25 miles southwest of Shanghai. Government troops there were reported holding firm.

On the Central China Hankow front Central News Agency described fighting of "unprecedented fury." But from the size of forces involved this action seemed to be on a small scale.

The Shanghai garrison ordered all government departments out of Shanghai within two weeks.

### Reds Make Advance

The communique indicated the Communists had made a substantial advance from Kashan, about 50 miles southwest of the city. This would put the southwest prong of the Red forces and the northwest force about equal distance from Shanghai. The northwest front was described as flexible, ranging from 21 to 25 miles from the city.

The Taichang action was described as fairly heavy. The Reds threw two regiments against the Nationalists under an artillery barrage. The communique said the government troops inflicted heavy casualties and beat off the attackers.

The communique said Red troops at Chenwan, which lies south of Kunshan, a city 40 miles northwest of Shanghai, suffered 60 casualties when the Nationalists there counter-attacked. This action suggests the Communists are fanning out in a widening northwest front.

### Reds Admit Losses

Central News said Hankow residents heard the rumble of artillery and many of them made for cover. The government, the news agency said, sought to dislodge the Reds from Santaochao, a village a few miles north of Hankow. The news agency said the Communists withdrew to Niehkuo, about 13 miles north of the Yangtze port of Hankow.

Red losses in the Hankow fighting were put at 400 men. Government losses were described as 58.

The Chinese air force, meantime, reported 200 Communists were killed in the eastern suburbs of Kashan, southwest of Shanghai. That seems to indicate the Reds, who attacked from the west, have swarmed through Kashan. But the garrison here has not announced the fall of the city.

At the same time, the department predicted some bumper crops for state farmers. All fruits, winter grains and grasses "developed nicely" during April, it said.

The average number of layers in state farm flocks during the same month was 17,168,000 or five per cent below the March average. Federal-State surveys showed April egg production at 312,000,000 was 15,000,000 under March and 16,000,000 below last April.

The rate of lay also dropped but at 18.18 eggs per hen it still was the seventh highest of any month on record. The highest rate was achieved in May, 1948, with a 18.6 eggs per layer record.

### Egg Prices Rise

Prices received by farmers for eggs advanced during April, the surveys added, but feed costs also increased.

The bloom of fruits was very heavy in all areas with "very light" damage reported from frost. Apples are expected to bring 21,114,000 bushels this year in the state.

However, rye is expected to top 170,000 bushels, smallest ever recorded in the state. The 1938-47 average is 668,000 bushels. The department blamed this on farmers switching to other grains.

Hay on May 1 was estimated at 91 per cent of normal while a harvest of 21,114,000 bushels is anticipated for wheat.

Plowing is about 72 per cent completed in the Keystone state as compared with last year's 64 per cent at the same date. Planting was 47 per cent completed on May 1—about the same as last year.

### which he was accredited.

Many Americans of course condemn the Spanish dictatorship. They just as heatedly condemn all other totalitarian regimes—which are neither few nor far between. Still we differentiate among these dictatorships.

Why? Are we to conclude that it's a matter of expediency rather than of principle? If expediency enters into it there are a lot of folk who recognize that Spain not only needs to resume foreign trade relations but would be a vital military base in event of another world war.

## Berliners Celebrate As Russians Lift 327-Day-Old Blockade; Airlift Goes On

NO 'INCIDENTS'  
AS TRAFFIC'S  
FLOW RESUMES

Berlin, May 12 (AP)—The Russians pulled up their German iron curtain today, ending their 327 day-old Berlin blockade, major sore spot of the cold war.

Ground traffic flowed on through the day, by rail and by highway, pouring supplies and passengers into the long-besieged old capital city from the west for the first time in nearly 11 months.

The blockade-lifting had all the fanfare of a Hollywood movie premiere, and the people, convinced that at last this phase of the cold war was ended, whooped it up in the flag-decked city.

Airlift Continues

The Russian and western allied military outdid each other in courtesy as the barricades went down ending the blockade, and the allied counterblockade. There was a general display of good will and smiling readiness to cut red tape.

But the western allies were taking nothing for granted. Their airlift, which had made the blockade a useless Soviet weapon by flying in the food, fuel and raw materials needed by western Berlin's 2,000,000 residents, continued flying. It is to continue at least 30 days, building a stockpile of supplies and giving a chance to really sound out Russian intentions. Today's flights kept supplies coming in at about a 500-ton per hour level.

Allied military trains, followed by food and fuel trains, were the first into Berlin after the barriers went down one minute after midnight. Foreign correspondents, racing down Hitler's famous super-highway, were the first into Berlin from the west.

The vehicles had a big send-off at the old barrier points, which had been cleared of steel and concrete obstructions by work crews. There were cheering crowds, special lighting for the camera men, and a big display of the black, red and gold colors of the new west Government. The trains were plastered with patriotic slogans.

The people, who had been slow to respond for days, really got into the mood. End of the blockade means for them the promise of fresh foods instead of the dehydrated stuffs the airlift had supplied them. It means more fuel, enough electric lights in their homes and an end of the street blackouts which the blockade caused. It means that they can move between the east and west sectors of Berlin, free again from the danger of molestation by the police. It means a sense of security they have not felt for the better part of a year.

## Political Split Remains

The political splitting of the city between east and west remained as deep as ever, however. Each still has its own police force, city government, fire department and other services.

The first allied train into Berlin was halted only four minutes to get its clearance from the Russians. The Russian Army officers did not even step aboard, or ask for identification papers of the passengers. They asked only for assurances that it carried no Germans, other than the train-crew, which it did not.

As the day wore on rail and highway traffic was reported moving "without incident."

TWO AVIATORS  
BURN IN PLANE

Clarksburg, W. Va., May 12 (AP)—The pilot of an All-American airways mail pickup plane and his helper were burned to death when their ship crashed near the Harrison county airport early Wednesday.

The craft was reported afire shortly before the crash.

Airport Superintendent Harry Mills said the plane crashed and burned against a short embankment about 1,200 feet off the east-west runway. It was loaded with mail and express.

The tops of trees were sheared off for a distance of about 100 feet.

Bodies of the two men were burned beyond recognition. Authorities said one of the bodies was wedged into the wreckage so tightly that welding torches would be necessary to extract it.

At Pittsburgh, a spokesman for All-American airways said the crew of the plane was composed of Pilot Bill Burkhardt, about 29, of Pittsburgh; and Flight Mechanic William Stembrenner, about 25, also of Pittsburgh.

MOST PA. LABOR  
BILLS DEFEATED

Harrisburg, May 12 (AP)—What the 1949 General Assembly did and did not do for labor in Pennsylvania came under sharp examination here

today by the state Federation of Labor, AFL.

"The summing up is not very impressive as far as benefitting labor is concerned," stated President James L. McDevitt.

McDevitt made the comment as he readied a lengthy legislative report for presentation before the opening of the federation's annual three-day convention. Some 1,200 delegates representing 700,000 federation mem-

bers in the commonwealth are registered for the meeting.

"We accomplished only one thing this session," McDevitt told a reporter. "And that was to get a 25 per cent increase in unemployment, occupational disease and workmen's compensation benefits."

"Everything else we supported was killed," McDevitt said, "and we are not very happy about it."

The General Assembly approved

a boost in maximum compensation benefit from \$20 to \$25 a week. The state AFL had asked for a flat \$10 a week increase.

The convention also had before it resolutions asking the state body to back legalization of horse racing and pari-mutuel betting in Pennsylvania; increase old age assistance grants from the present \$53 to \$100 a month; seek federal help in constructing local sewage plants, and back a 30-hour week for 40 hours' pay for all workers.

Because of Egypt's dry climate, more of the objects used by its ancient citizens have been preserved than those of the ancient citizens of Greece and Rome.

## ADMISSION OF ISRAEL TO UN IS APPROVED

By MAX HARRELSON  
New York, May 12 (AP)—Israel's admission as the 59th member of the United Nations has finally been approved. A simple flag-raising ceremony today winds up the formalities.

The General Assembly approved the Israeli application last night by a vote of 37-12, with nine countries abstaining.

The decision was followed by an Arab walk-out, but some of the Arab countries' representatives returned for a late night meeting, indicating that the protest was ended.

**Three Major Issues**  
The assembly had been scheduled to return to plenary session today but a last-minute change calls for committee meetings at Lake Success instead. Officials decided some of the committee reports were not yet ready for assembly action.

The officials said the delegates might return to plenary sessions later in the day with debate on draft agreements on freedom of information topping the agenda.

This was one of the three major issues still awaiting action before Saturday's scheduled adjournment of this spring assembly session.

**Delegate Takes Seat**  
Israeli Foreign Minister Moshe Sharett took his seat as a regular delegate immediately after yesterday's vote. He delivered a formal address on Israel's general foreign policy.

Sharett, however, took no part in debate last night on the first issue to come up after Israel's admission. This was a proposal to postpone action until next fall on the Dutch-Indonesian dispute. Israel abstained when the assembly voted 43-6 approving the deferment.

The Spanish question comes up after freedom of information. The assembly started to take up Spain last night but finally decided to dispose of the information agreement first.

## LEWIS LAUDED IN BIOGRAPHY

Washington, May 11 (AP)—John L. Lewis' official biography came out today. It speaks highly of him.

It says that—regardless of the popular impression—Lewis really is a modest, affable, big-hearted man who likes to play with children.

The five-and-a-half page biographical sketch was prepared by Allied Syndicates, Inc., a company hired by Lewis' union, the United Mine Workers, to help it with its press relations.

The sketch begins: "John L. Lewis,

undoubtedly the world's foremost labor executive, was born in Lucas, Iowa, on Lincoln's birthday, February 12, 1880."

The last page is devoted to Lewis the man: "In private life, Mr. Lewis is by no means the 'gruff sourpuss' that many cartoonists and writers have endeavored to depict. He is one of the most affable, big-hearted

Harrisburg, May 12 (AP)—The Pennsylvania Society for Crippled men on the American scene. He possesses an old-fashioned courtliness that is too often lacking in other great leaders."

Children and Adults today awarded scholarships to three persons interested in teaching physically handicapped boys and girls.

The scholarships of \$150 each were given to Mrs. Edna P. Keith, Philadelphia; Miss Ethel B. Fast, Mankato, and Miss Maude O. Brun-

gard, Salona.

The scholarships were awarded in connection with a campaign to overcome a shortage of qualified personnel for work among the disabled. They are limited to summer terms or to other terms and courses approved by the state.

Only college graduates or persons holding teaching certificates in Pennsylvania are eligible for the scholarships.

# IS BARKLEY A VEEP, PRESIDENT OR V. PRESIDENT?

**Letter to the Editor**  
McKnightstown, Pa.

Dear Sir:  
The clipping from your esteemed paper is very misleading, and I, the postmaster at McKnightstown, have been asked by a number of patrons, who were under the impression that the pocketbook was stolen at my office, which I do not relish. Will you be so kind as to reprint this, having the news article to read the pocketbook was lost in the Gettysburg post office.

Mrs. Rebert is from McKnightstown, Pa., but she had gone into the Gettysburg post office to have a \$5 bill changed, leaving her pocketbook on one of the desks in the P. O. lobby. After getting the bill changed at the window, she turned to find the pocketbook had disappeared, so immediately reported the misfortune to the Gettysburg police.

I will be very obliged to you, if you will insert this correction on the front page.

Very sincerely,  
Mrs. Lillian Riddlemeyer,  
Postmaster

Minnesota. Now he's President of the University of Pennsylvania.

"But, after thinking it over," Barkley told him, "I find that I'm happy to call you Mr. President considering the kind of President you are."

## STRIKE ENDS AT SCRANTON

Scranton, Pa., May 12 (AP)—Striking employees of the Scranton Transit company returned to their jobs today, providing the Lackawanna Valley's 400,000 commuters with trolley and bus service for the first time in 39 days.

Members of the CIO-Streetcar Workers Union voted at a mass meeting last night to accept a new contract calling for a wage boost of six cents an hour and a raise in monthly pension rates from \$55 to \$65.

Under the new agreement, the

company's operators receive \$1.27 an hour and maintenance men from \$1.33 to \$1.48.

The company's 400 workers walked out last April 3, demanding a pay increase of 25 cents an hour for operators and 25 cents for maintenance men.

Three offers by the company were rejected by the union as federal mediators stepped in when negotiations between the company and union broke down. The government attempts also failed and Mayor James T. Hanlon finally brought the two factions together again 10 days ago. The new pact resulted.

During the 39-day strike commuters in this rich eastern Pennsylvania hard coal region were forced to get to work in private cars, trains and trucks.

## RR TROUBLES ARE AIRED FOR STOCKHOLDERS

**Philadelphia, May 12 (P)** — "Inadequate rates and fares and government subsidies to other transportation" are causing America's railroads substantial loss in passenger business, Pennsylvania railroad stockholders were told.

In a report at the annual meeting Tuesday, J. Newcomb Blackman, head of a special stockholders committee, said:

"If the passenger business is to be maintained the regulatory authorities should be persuaded to allow adequate rates and fares and permit abandonment of losing passenger branches and services."

The report said one way in which the passenger business can be substantially aided by repealing the 15 per cent federal tax on passenger transportation "which was imposed during the war to discourage travel."

Need "Economic Justice"

Newcomb cited government subsidies to highway transportation.

"Government funds are made available for construction of highways," the report said, "and then heavy trucks are permitted to destroy the roads, causing even more of a drain on the taxpayers' money to repair them."

The report also said air transportation benefits substantially from government subsidies.

M. W. Clement, president of the railroad, told the stockholders the Pennsylvania will finish the year "just as good or better than 1948 if we get economic justice from the Interstate Commerce Commission."

**Profit Last Month**

"That is what we're shooting for," he said. "It depends upon getting equitable breaks from the regulatory authorities and is also predicated on the expectation that everyone in the country will not go on strike."

Clement said the railroad will show a profit for last month although figures are not yet available. The road showed a loss of \$5,551,465 for April of 1948.

The president indicated last month's profit will "wipe out the first quarter loss of \$965,252 and leave a net income for the four months."

**Berlin, May 12 (P)** — Sir John Sheehy, British military government financial expert, was shot to death at his home in Western Germany on Tuesday, officials reported today. On the basis of scant details received at British headquarters here, it was assumed Sir John was killed while trying to fight off one or more burglars.

## Parking Authorities Authorized In Bill

**Harrisburg, May 12 (P)** — Parking authorities to combat traffic congestion may be established by all of Pennsylvania's cities under a new law signed by Gov. James H. Duff.

The measure revises a 1947 law to give Philadelphia, Scranton and the state's 47 third class cities the same right to set up authorities as was granted Pittsburgh two years ago.

The agencies, which could be set up by city councils, would have authority to buy or build and operate off-the-street parking facilities, including lots and garages.

## U.S. STOCKPILING OF COAL FOUGHT

**Washington, May 12 (P)** — Government stockpiling of hard coal may cause more harm than good, says Secretary of the Interior Krug.

Rep. Fenton (R-Pa.) said Tuesday he had received a letter in which Krug expressed the view that the buying and selling of anthracite by the government might upset the market.

In his letter, Krug told Fenton his belief was based on the following reasons:

1. Anthracite has a tendency to

## Burros To Bring Petrified Logs Out

**Flagstaff, Ariz., May 12 (P)** — A vital component of man's most modern tool, atomic energy, will be moved from a northern Arizona canyon by pack burro.

only answer to nature's challenge at House Rock valley. There, in a steep, narrow canyon, 130 miles north of here, lie 200 tons of uranium-rich petrified logs.

Trucks, even the usually-dependable jeep, couldn't operate in this no-motor's land. So, Maggie and Riley Baker, discoverers of the rich strike, have hired 15 burros and five Navajo Indians to move the precious

become discolored when stored and therefore must frequently be sold at lowered prices.

2. An emergency requiring the use of stored coal might never arise and government buying after a time might stop—leaving the industry right where it is now.

3. Failure of the government to sell the coal it had stored would be ineffectual stockpiling, while on the other hand a sudden liquidation of government supplies might demoralize the market.

4. Government sales of anthracite would mean less work for miners during the time the government was selling its coal.

5. An abrupt price drop resulting from government sales would harm operators and miners alike.

6. The cost of stockpiling would necessitate financial assistance to the anthracite industry from the government.

7. There is no way now of forecasting the possible demands for hard coal in the event of a future war.

Anthracite has a tendency to

Consider that today your physician has invested from eight to ten years and about ten thousand dollars in his education alone. He has no chance to earn until he is twenty-six or twenty-seven years old. He must have an office in a good neighborhood, good equipment, a car, good clothes.

Pharmacy, too, has stepped up its standards. Almost every state now requires four years of college and a year or two of practice before registration. All this adds up to better medical service for you.

# CONGRESS IS NOT LIKELY TO CHANGE WAYS

By JAMES MARLOW

Washington, May 12 (P)—A good question to ask a Congressman just before he votes on something is: "How much do you really know about it?"

Congress is like a bunch of buffalo hunters. They send out a couple of scouts to shoot a steer and then they all eat it.

In Congress there are 96 senators, 435 House members, and swarms of committees. And almost every member of Congress is on at least one committee. Each committee specializes in a certain kind of bill, like labor or banking, or farming.

It holds hearings, brings in witnesses, studies the subject, and then issues, for all the other congressmen to read, bill to be voted on by all.

## Must Trust Judgment

In addition, it sometimes issues a report explaining the bill or a word-for-word copy of the hearings, if there have been hearings.

The other congressmen, not members of that committee, can read the bill and get a fill-in by reading the report or the hearings. But—while the labor committee is holding hearings on a labor bill, the farm committee is holding hearings on a farm bill. So neither gets much chance, if any, to sit in on the other com-

mittee's doings.

It has to trust pretty much to the judgment of that other committee that the bill it finally turns out is all right.

When a non-member of a committee wants a hand in what's doing, he has to ask permission to take part. The most recent example of that happened with the Senate foreign relations committee.

## Proud of Itself

This committee is probably the most distinguished in Congress, and is very proud of itself. Senator Tom Connally, Texas Democrat, is chairman. And at his right hand sits Senator Arthur Vandenberg, Michigan Republican.

This committee has been holding hearings every day on the Atlantic Pact. Two Republican senators—Donnell of Missouri and Watkins of Utah—who are not members of the committee, asked permission to sit in and question witnesses.

Both senators are critical of the pact. But before they had a chance to ask a question, Connally accused them of wishing to oppose and filibuster against the pact.

## Not Likely To Change

Finally, when it came time to ask witnesses questions—after all the committee members had finished asking—Connally informed the witnesses that the two senators were not committee members and were being allowed to ask questions only by courtesy of the committee.

Watkins walked out Monday, feeling that he had been "lectured and humiliated long enough" by Connally. Connally said Watkins and Donnell had been using up two-

thirds of the committee's time with their questions.

Taking note of all this, the Washington Post suggests that the professional staffs which work with the various committees hold seminars, or study periods, for congressmen who are not on a certain committee but would like a fill-in before voting time.

This might help. But most congressmen probably would say they had too much other business to find time for seminars. Congress is likely to go on as usual.

raucously with her automobile horn any more than she would act like a "fishwife" at a party. Primitive, irresponsible, discourteous and impatient behavior behind the wheel of an automobile has no place in society. . . . The wellbred person will see courtesy and well-mannered human conduct in practically every traffic rule."

These are quotes from a traffic safety booklet, "Motor Manners," issued today by the National Highway Users Conference.

Mrs. Post, whose name has been synonymous with rules of etiquette for many years, wrote the pamphlet free of charge.

It's to be distributed free to individual motorists. The grateful highway users—an organization of groups such as truck drivers and the American Automobile Association—tendered Mrs. Post a luncheon at the Plaza hotel this afternoon.

## ROSE CEREMONY SET FOR SUNDAY

Manheim, Pa., May 12 (P)—One Red Rose will exchange hands here Sunday in the traditional payment of rent by the congregation of Zion Evangelical Lutheran church.

The blossom will be headed by Henry S. Borneman, of Philadelphia, president of the Pennsylvania German society, to direct descendants

of "Baron" William Henry Stiegel, glassmaker and ironmaster of the revolutionary period.

The rent payment will be made in keeping with terms of Stiegel's contract with the church.

Stiegel, who donated the land on which the church was erected, stipulated that "in the month of June, yearly forever after, the rent of one red rose" should be paid to him or his descendants "if the same shall be lawfully demanded."

Sunday's payment will be the 57th. Stiegel himself received a rose in 1773 and 1774. In 1775, he went

to debtors prison and the payments were discontinued. They were revived in 1891 when the original deed was rediscovered.

Sweden prides itself on being the oldest regularly constituted state in Europe.

## EISLER FOUND AS STOWAWAY ON POLISH SHIP

New York, May 12 (AP)—A stowaway on a Polish liner at sea has been identified tentatively as Gerhardt Eisler, missing alien Communist who was under \$23,500 bail in the United States.

Eisler had fought for a long time to get out of the country.

The liner Batory, which sailed from New York six days ago, radioed that a German stowaway who identified himself as Gerhardt Eisler had paid for first class passage after discovery and was bound for Gdynia, Poland.

**Detectives Await Ship**

Scotland Yard detectives today were waiting for the scheduled arrival of the ship at Southampton, England, next Saturday as the U. S. Department of Justice investigated Eisler's reported disappearance.

The Gdynia-America Shipping Lines, LTD., owners of the ship, awaited a response to a radio request for details on the stowaway.

The 53-year-old Eisler, who faced two possible jail sentences in the U. S. and who also was awaiting deportation proceedings, has not been seen by his New York neighbors since late last week. The neighbors

said they saw Eisler's wife around their apartment yesterday, but had not seen him.

**Admitted He Is "Red"**

Eisler has admitted being a Communist, but denied being the No. 1 Red in this country—as alleged before the House Committee on Un-American Activities. He even sought help from the United Nations in an effort to be allowed to leave the United States voluntarily and return to his native Germany.

He is one of more than 30 alleged alien Communists accused in deportation proceedings in the past two years.

He and his wife recently had been sharing a seven-room, \$97-a-month apartment in New York with another couple. Occupants of the apartment did not answer the door bell when newsmen went there last night. A woman who answered the telephone refused to give any information.

**Identified Yesterday**

A spokesman for the steamship line here said a routine report was made to immigration officials. The Batory then was asked for the stowaway's name, nationality, and destination.

A message received from the ship yesterday identified the stowaway as Gerhardt Eisler, a German, bound

New Oxford — The infant daughter of Mr. and Mrs. Philip E. Alwine has been named Lois Jean. This is the third child of Mr. Alwine and his wife, the former Miss Thelma Ritter, Seewickley.

The annual May procession of the Immaculate Conception Catholic church, a part of the devotions to the Blessed Virgin to whom the entire month of May is dedicated by Catholics, was conducted on Sunday evening with school children and members of the Blessed Virgin Society participating. Services were in charge of the Rev. Robert D. Hartnett, pastor, and were concluded

for Gdynia in Communist-dominated Poland.

The U. S. State Department asked Scotland Yard to detain the stowaway when the Batory reaches Southampton. After stopping at Copenhagen, Denmark, on Sunday and complete her trip at Gdynia Tuesday, the line flies the Polish flag, but is owned partly by Danish interests.
